

Project News

The STIL project has been going on despite darkness and cold weather. Defining the most important tour cycling areas in north is one of the focuses. Although gaze is already partly in the spring and summer, networking and workshops are going on and interest has been great.

News from Sweden

Winter has come and the sunless days of darkness along with it. Bicycling on the roads is not the first thing on one's mind at this time of the year but we are not hibernating- the work goes on.
